*Seminar designed to provide a competitive edge and opportunities for aerospace and related industry suppliers.
Hosted by Antelope Valley College, California Space Authority and The Boeing Company*

ANTELOPE VALLEY COLLEGE

Introduction to 21st Century Supply Chain Management Seminar

October 27-29, 2008

at

The Boeing Company

5301 Bolsa Ave., Building 28 Theater, Huntington Beach, CA 92647

Objectives: This seminar offers an overview of supply chain management concepts and their roles in creating overall supply chain value. It will provide a thorough grounding in subjects that lead to the knowledge and intellectual capability required for the understanding and critical analysis of supply chain management problems. It is specifically designed to help participants develop a fundamental knowledge of the principles and best practices of supply chain and logistics management in both theoretical knowledge and practical skills that are relevant for California aerospace and related industry suppliers.

DAY ONE - October 27
8:00 a.m. - 5:30 p.m.

Principles of Supply Chain Management

Introduce the concept of global supply chain operations and the fundamentals of managing the supply chain

Introduction to Supply Chain Relationships

Understand supply chains across functional and organizational boundaries and the contribution of strategic alignment of the supply chain

DAY TWO - October 28
8:00 a.m. - 5:30 p.m.

Principles of Procurement & Sourcing Management

Introduce the importance of international procurement and sourcing management to an organization

Introduction to Law and Regulation of Business

Understand the key areas of law and regulations as they apply to aerospace daily operations and logistics management

DAY THREE - October 29
8:00 a.m. - 1:30 p.m.

The Boeing Company

Boeing Enterprise and Supplier Management Overview

The Boeing Company Tour

Limited to suppliers and U.S citizens

Networking Lunch

Boeing Supply Chain, Engineering and Operations Management

To register, visit www.InnovateCalifornia.net.

DAY THREE - Boeing Enterprise and Supplier Management Overview
October 29, 2008 at the Boeing Huntington Beach Facility

Boeing Enterprise and Supply Chain Management Overview

Progressive Networking Lunch with Boeing Engineering and Supplier Management

Attendees are encouraged to bring product literature to share with Boeing buyers and engineers

The Boeing Company Facility Tour

Opportunity to network with Boeing

- **Boeing focused procurement areas**
- **Opportunity to exhibit your products and services**
- **Networking lunch with Boeing buyers and engineers**

Questions: California Space Authority—Christine Purcell, 310.283.7323, cp@californiaspaceauthority.org

Antelope Valley College—Page Chen, 661.609.6011, pchen@avc.edu

The Boeing Company—Kristen Kierstead, 714.934.9617, kristin.l.kierstead@boeing.com

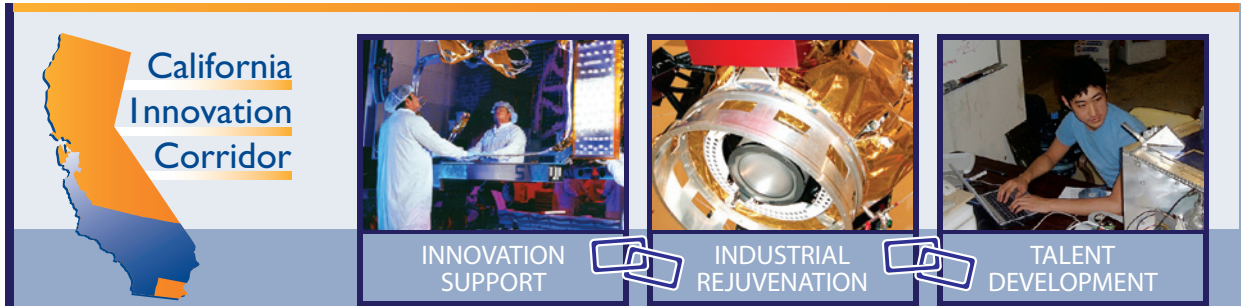

Seminar is at no charge due Department of Labor and The Boeing Company sponsorship. Future CSA sessions may have a registration fee.

Attendees must register and attend all three days. Attendees must be U.S. citizens.

All suppliers and OEM supply chain professionals are invited. Small, small disadvantaged, women-owned, veteran/disabled, veteran-owned and HUBZone businesses are encouraged to attend.

Partial funding provided by the U.S. Department of Labor, Employment & Training Administration WIRED Initiative
